ABOUT

What began as a small buffalo-style chicken wing restaurant in Garland, TX, continues to soar to great heights. Today there are more than 2,000 restaurants open across the globe, in 8 global markets.

WingStop quickly became a fan favorite when they first opened their doors in 1994. Their proprietary recipes, outstanding food and superior customer service created a demand that could only be satisfied by more locations. And in 1997 they began offering franchises. Today they are one of the fastest-growing concepts in the country.
